INDEX

Abdominal muscular rigidity due to over-concentration of anæsthetics 38
—— operations, employment of endotracheal anæsthesia in, condemned 40
—— —— high, under spinal anæsthesia, administration of general anæsthetics before 137, 149
—— —— lung complications following 13
—— surgery, gas-oxygen anæsthesia in....50
Abstracts 32, 75, 119, 165
Adelaide Children's Hospital, anæsthetic apparatus for ether-vapour insufflation at 123
Adrenalin, intravenous injection as restorative in dangers from spinal analgesia 115
Aeris, substitution of, as name for nitrous oxide (Bellamy Gardner) 163
Airway, free, advantage of, in abdominal operations under endo-tracheal anæsthesia 125
America, North, frequency of lung abscess after tonsillectomy in...30
Amnesia of avertin narcosis, clinical researches into (G. Schultze-Wolters) 35
Anæsthesia, cardiac disease in relation to (Mark C. Lidwill; abstract) 34
—— in diabetes (T. T. Lehmann : abstract) 167
—— induction of, assurance of patient's comfort before, important...40
—— —— by "rush" methods, contra-indicated....126, 153
—— —— by "rush" methods, evil of....36, 37
—— —— of, comfortable position of patient essential in....125
—— —— of, cutting off light from patient's eyes during....153
—— —— of, most critical time during 159
—— —— of, posture of patient during 153
—— —— of, rules for 159
—— —— of, struggling during, risk to patient....158
—— intravenous, with barbiturates (D. E. Tabern : abstract)....125
—— local, over-use of 161
—— preliminary use of morphine in 97, 98
—— search for ideal method in....43
—— selective 98
—— surgical, carbon dioxide as adjunct to....99
—— —— re-breathing as factor in....99
Anæsthetic agent, principles governing choice of 98, 99
—— apparatus complicated, over-use of 39, 40
—— service, defects in 91, 92
—— —— requirements of 90, 91
—— trolley for gas-oxygen anæsthesia, objections to....122

Anæsthetics administration in emergency cases (Editorial).....1
—— —— in emergency cases in hospital (George Edwards).....15
—— —— of, present-day faults in 153, 154
—— general, administration before high abdominal operations under spinal anæsthesia 137, 149
—— —— over-doping of patient with.....37, 154
—— induction of, posture during.....37
—— laboratory and clinical, correlation of, defects in.....91, 92
—— local, pharmacology (H. W. Coles and Helen Rose : abstract) 166
—— mechanical forms of administration, protest against indulgence in (R.W. Hornabrook : correspondence).....36
—— over-concentration causing abdominal muscular rigidity.....38
—— suitable for operations on gravid uterus (H. W. Featherstone) 28
Anæsthetists in Victoria, status of.....151, 152
—— qualities requisite in 91
—— service on a rota for emergency cases.....2, 17
Analgesia and anæsthesia in childbirth (A. L. McIlroy : abstract) 119
—— irregularity in distribution of, following spinal anæsthesia...135
—— period of, prolongation under various anæsthetics compared...155
—— —— of, prolonged semi-conscious, advantage of.....39
Anoxæmia, development of 142, 148
—— due to Trendelenburg position.....142
Appendix, and gall-bladder, case of removal of under percaine spinal anæsthesia 65
Arkenhead, D.C. Post-operative respiratory complications during a four-year period 29
Artificial respiration in accidents and threatened death during spinal anæsthesia 149
Atelectasis, pulmonary, post-operative. (A. L. Brown : abstract)...168
Atropine, preliminary injection before spinal anæsthesia.....135
—— —— injection, use in chloroform anæsthesia, advantages of ...97
—— —— injection, use in ether anæsthesia, advantages of.....96
—— (*See also* Morphia and Atropine).
Avertin, administration in thyroid surgery, cases tabulated.....8
—— —— in thyroid surgery, observations on patients' basal metabolic rate 7
—— —— possible advantage 84
—— —— in thyroid surgery, technique. (I. N. Lewis).....3
—— —— in thyroid surgery, with use of gas-oxygen.....6
—— —— of, reaction of patients to.....5
—— —— with and without preliminary dosages with omnopon...5, 8
—— anæsthesia, absence of psychic shock under.....59
—— —— advantages of 58, 59
—— —— blood-pressure in (Walter P. Kennedy) 52
—— —— depression of respiration under 56, 59

Avertin anæsthesia, disadvantages of 59
—— —— fall in diastolic pressure under, investigated.....57, 58
—— —— increase of pulse pressure under 55, 56
—— —— operations under, in series of cases at Edinburgh Royal Infirmary 56, 57
—— —— technique of, administration.....52, 53
—— and laughing gas, combination of (H. Florcken : abstract).....76
—— as rectal anæsthetic 46
—— as rectal anæsthetic, fall in blood pressure under.....46, 47
—— bromine content in, possible beneficial action in thyroid operations 84
—— dosage of 31
—— effect of, on liver function (M. Bruger and others : abstract)...34
—— excretion from urine, method of estimating criticised. (I. N. Lewis and T. F. McNair Scott) 24
—— for children (abstract) 78
—— in various doses, effect of on man (D. von Klinko : abstract) 35
—— injection in removal of toxic goitre.....86
—— intravenous infusion, as tried in Germany. (K. Heim : abstract) 35
—— mortality rate due to 31
—— —— rate under 31
—— narcosis, amnesia of, clinical researches into. (G. Schultze-Wolters : abstract) 35
—— —— damage to bowel after. (T. Wymer : abstract) 168
—— results of administration in children (abstract).....78
—— use of, in tetanus (abstract) 165
—— use as anæsthetic *per se* dangerous.....38, 39, 156

Barbiturates, intravenous anæsthesia with (D. E. Tabern : abstract) 76
—— uses of, in anæsthesia, discussion on.....116
Barbituric acid and its derivatives, chemistry of.....116
Basal metabolism, observation of, in patients submitted to avertin anæsthesia 7
Basset and Forgue, indications for and contra-indications to spinal anæsthesia (quoted) 147
—— —— novocain in spinal anæsthesia (quoted).....147
Black, E. Couper. Anæsthetic trolley for gas-oxygen anæsthesia (letter) 122
Blomfield, J. Test carried out by, on use of avertin as rectal anæsthetic 46
Blood, alkaline reserve of, in experimental narcoses with ethylene and with ether (G. Nogara : abstract) 166
Blood-pressure, fall of, in anæsthesia mitigated by carbon dioxide...14

Blood-pressure, fall of, under high spinal anæsthesia.....104
—— —— under high spinal anæsthesia, mode of overcoming.....105
—— —— under spinal anæsthesia 137, 138, 140, 141
—— —— in avertin anæsthesia 54, 55
—— —— under use of avertin as rectal anæsthetic.....46, 47
—— in avertin anæsthesia (Walter P. Kennedy) (and references) 52, 60
Bowel, damage to, after avertin narcosis (T. Wymer : abstract).....168
Breath-holding test, Sabrasez's 94
British Medical Association Annual Meeting at Winnipeg, 1930 : Section of Anæsthetics 28
Brocklehurst, R. J. Demonstration of experimental injection of sodium amytal and nembutal 118
Bromine content in avertin, possible beneficial action in thyroid operations 84
—— organic, rate of excretion in urine not yet determinable.....4
Broncho-pneumonia, following over-dosage with ether.....38
Brown, A. L. Post-operative pulmonary atelectases (abstract).....168
Brown, Gilbert. Endotracheal anæsthesia with ethylene and oxygen (abstract) 120
Bruger, M. (and others). Effect of avertin on the liver function (abstract) 34
Buxton, Dudley Wilmot. In Memoriam 129

Cæsarean section, employment of nembutal in.....116, 117
Canada, hospitals of, anæsthetics used in.....74
Carbon dioxide, de-etherisation with.....101, 102
—— —— exhaled, utilised under administration of closed ether 12, 14
—— —— in relation to prevention of shock.....14
—— —— mitigating fall of blood-pressure in anæsthesia.....14
—— —— use of as adjunct to surgical anæsthesia.....99, 100, 101
—— —— use of as adjunct to surgical anæsthesia, advantages of...101
Cardiac disease (*See* Heart disease)
Cardio-vascular disease, spinal anæsthesia in subjects of.....138
Catarrh, naso-pharyngeal and upper respiratory, preceding operation 101
Catheter, endotracheal, passage of, in operation for obstructive goitre 88, 89
Cats, effect of novocaine on 69, 70, 71
Chiariello, A. A. Variations of lipæmia in chloroform and ether narcosis (abstract).....76
Childbirth, analgesia and anæsthesia in (A. L. McIlroy : abstract) 119
—— pain alleviation in, method employed for (H. Selheim : abstract) 119
Children, results of administration of avertin in (abstract).....78
Chill due to inhalation of cold ether vapour.....13
Chlorhydrate of "pseudo-cocaine droite" : new local anæsthetic (Mercier and Requier : abstract).....77

Chloroform anæsthesia in comfortable position, not affecting action of heart 127
—— —— preliminary use of atropine in, advantages of....97
—— —— preliminary use of morphine in, contra-indicated....97, 98
—— induction of ether anæsthesia with aid of....36, 153
—— narcosis, variation of lipæmia in (A. A. Chiariello: abstract) 76
—— period of analgesia prolonged under....155
—— prolonged analgesic period under, advantages of....38
—— question as to safety of....50, 51
—— use of, when only justifiable, in thyroid surgery 88, 89
Clausen, R. J. Discussion on the barbiturates 118
Coles, H. W. and Helen Rose. Pharmacology of local anæsthetics (abstract) 166
Colon, descending, malignant growth of, excision under percaine spinal anæsthesia 65
Colotomy for inoperable cancer of rectum in woman aged 79, under percaine spinal anæsthesia 65
Coma, anæsthetic, different from anæsthetic sleep....125
Conjunctivitis, following operations on thyroid gland in cases of exophthalmos 83
Correction, a (L. Kirkby Thomas: letter) 124
Correspondence 172
